

**Everyone: You are being attacked by microwave weapons from cell towers by the CIA & USAF - Directed Energy Weapons.
TargetedJustice.com**

The Deep State government tracks the location of your head – 24/7, using microwave “bullets”. To prove this – hold your arm outstretched, level with your head, with your palm facing you. Turn around slowly thru a complete circle, and feel the microwave pulses or “pops” on your finger joints – directed at your head.

Pointed at your head – not your cell phone !!

Sometimes it will feel like a very light “pressure” or “tingling” on the back of your fingers. There are usually 4 or more cell phone towers, always hitting you with microwave pulses. The microwaves are also directed at your children and family members, causing permanent brain damage. This is not a joke.

Every cell tower within 2 miles is hitting your head, about once every second, with microwave pulses. The GPS coordinates are sent to **Schriever Air Force Base, Colorado Springs (USAF Space Command)**. The **CIA's Domestic Headquarters**, in Denver, control the budget for this illegal program.
